## Library Orientation Program Summer 2019

The NSU library is a Radio Frequency Identification (RFID) based automated library with online and digital facilities. The students can borrow and return library resources by using RFID self-check and book-drop machine. They can also browse, search, reserve library resources, renew borrowed books and check their borrowing status from their residence through library website <http://library.northsouth.edu> and <http://opac.northsouth.edu>. An orientation program has been organized to provide new students of Summer 2019 semester with an opportunity to become acquainted with all aspects of NSU library systems, services, resources and facilities. Therefore, all new students are advised to attend the library orientation program at Library Building, 4<sup>th</sup> Floor as per following schedule:
