## NOTICE

### 20% Student Fees Waiver for Summer 2020

Considering the current depressed economic situation of the country caused by COVID-19 Pandemic and consequent economic hardship experienced by our students. North South University has decided to allow students a 20 percent waiver on fees and other applicable charges for Summer 2020 semester. NSU earnestly hopes the waiver will ease the financial burden of our students and their parents/guardians. The total waiver commitment to students is around Tk. 28 crore.

In addition, the university will be even more generous with its merit and need based scholarships given the current economic situation.
