

## OBITUARY

*Sir we will miss you  
for long,  
long time...*

**We mourn  
the death of  
Prof. Partha Pratim Dey**

**June 30, 2020**

**Professor Dr. Partha Pratim Dey**

Department of Mathematics and Physics

With heavy heart, we announcing that our beloved Professor Dr. Partha Pratim Dey has passed away on June 30, 2020 from a cardiac arrest around 4:30 pm. Earlier on the same day in the morning, his elder daughter passed away. As per his family source, the death of his daughter might have caused his fatal cardiac arrest on the same day. The loss of Professor Dey is unbearable for the NSU family. He joined NSU on 8th August, 1998 as Assistant Professor. Professor Dey was such a brilliant man, a great scholar and researcher, and an effective leader, who steered the Department of Mathematics and Physics with deft hands but full of compassion and fair play. He was a great advocate for his department. No matter who was the formal head, he was the guardian angel to his colleagues and students. A man who only had love and affection for all his colleagues and students with a real passion for teaching will be missed by all of us for a long, long time. Professor Dey, commonly known to his students as PPD sir, was a loving father to his two daughters and a devoted husband to his wife. Our thoughts and prayers are for his wife and their younger daughter - may God give them the strength to withstand this double blow and overcome these shattering losses. We are numbed. May God grant the departed souls peace - till eternity. May their souls rest in peace.
